

EAGLE INDUSTRIES

We are proud to offer the Eagle-branded "LE" product line specifically designed to meet the needs of the law enforcement community.

Eagle Industries has a long history of success providing high quality, trusted gear to law enforcement officials. The "LE" product line marks the first time that we have offered a comprehensive catalog of Eagle-branded nylon gear uniquely designed to meet the needs of the law enforcement community.

Our LE Division offers police tactical nylon products ranging from ballistic vests, to active shooter response gear, to equipment bags and pouches, to holsters and accessories. LE Division products are made of U.S. materials and assembled at an Eagle Industries-owned facility in the Dominican Republic and carry Eagle's lifetime guarantee. All LE products are available through US manufacturing as well.

By establishing an assembly operation in the Dominican Republic, Eagle is certain to remain competitive in the law enforcement, homeland security, private label and international markets. Owning and operating the facility allows us to maintain control over the quality of our products and our production schedule to best serve the needs of our law enforcement customers.

G-CODE™ OS™ HOLSTER ON PADDLE

G-CODE™ Operational Series™ Holsters are made of one piece of .125" Kydex® custom molded for a weapon specific fit. The "Pro-Safe" Tensioning lets you adjust the pull to fit your needs while allowing an unimpeded firing grip for a faster draw. The G-CODE™ GH Series Large Paddle grips tight in the pants and offers the most secure attachment to the belt of any paddle available today. This combination provides a durable holster with a low profile.

- Made of one piece of custom molded .125 Kydex®
- "Pro-Safe" Tensioning provides control over weapon retention
- Most secure attachment of any paddle available today
- Interchangeable with other G-CODE™ mounting platforms
- Slim profile for reduced bulk

Colors: Black, Olive Drab, Foliage Green, and Coyote

MSRP: \$45.95

LE COURIER BAG

Eagle's LE Courier Bag allows the user to carry mission specific items in a low profile system. The bag features an external hidden quick access pistol compartment that also accepts one spare magazine. The interior of the bag conceals a section of PALS webbing allowing the end user to configure it for whatever their task is.

- Hidden internal section of PALS webbing for configuration of necessary ancillary pouches
- Allows low visibility platform for carrying mission essential equipment
- Quick access concealed pistol pocket
- Waist strap for added security

Colors: Black, Grey

MSRP: \$183.40

COURIER-LE

LE PLATE CARRIER WITH CUMMERBUND

Our MOLLE Style LE Plate Carrier with Cummerbund gives you the ability to quickly upgrade your ballistic protection when an active shooter situation arises. The top rear section of the vest has Velcro® sewn over the MOLLE webbing for placards or MOLLE gear. The wrap-around cummerbund improves stability and lets you attach more MOLLE pouches.

- Emergency drag handle on rear of vest for extraction of a downed officer
- Fully adjustable and removable cummerbund
- Side release buckles on shoulders and waistline
- Quality #1000 denier abrasion resistant Cordura® construction
- Accepts standard plates and properly cut soft ballistic panels

Colors: Black, and Ranger Green

MSRP: \$211.91

PC-W/C-S/M-MS-LE

PC-W/C-L/XL-MS-LE

LE M4 CHEST RIG

Eagle's MOLLE Style M4 Chest Rig is designed for active shooter scenarios that require your equipment to rapidly adjust to the unfolding events. It allows you to have instant access to spare ammunition via the three open top 30rd M4 magazine pouches, as well as other necessary accessories which can be attached via MOLLE to the numerous attachment points. The rig also features two large quick release buckles allowing rapid separation from the user if necessary.

- Full length interior pocket
- MOLLE webbing for custom rigging
- Fully adjustable for height and girth

Colors: Black, Khaki, Ranger Green, Army Universal Camo

MSRP: \$82.96

ESCAPE & EVASION BAG

Eagle Industries Escape & Evasion Bag fills the gap between a true discreet design and the other end of the spectrum being "tactical". The premise being enough gear close at hand to deal with the current situation, but "grey" enough to walk away.

- Flap can be secured via a Velcro® patch or tied underneath the bag
- Main compartment with PALS webbing and divider pocket
- Front accessory compartment with rapidly deployable cover
- Three sided zipper surrounding this front attachment section
- Pull tabs on top side of flap for rapid deployment
- Adjustable lash straps on bottom of pack
- Hidden pistol compartment on the back
- General purpose pouch on each end

Colors: Black, Khaki, Ranger Green, and Grey

MSRP: \$163.78

POLICE OFFICERS EQUIPMENT BAG

The Police Officers Equipment Bag is designed for the Patrol Officer who needs easy and ready access to a variety of commonly utilized equipment. A variety of pockets allow the end user to carry needed items such as the citation books, maps, pens, gloves, spare ammunition, etc.

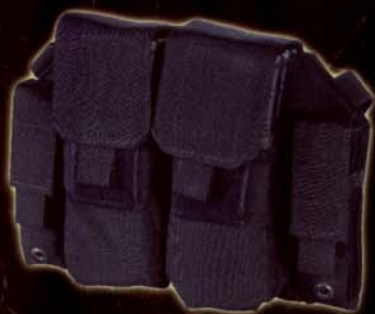

- Made of wear resistant #1000 denier Cordura® nylon
- Flashlight holder, double cuff pouch, double mag pouch, water bottle holder

Colors: Black, Ranger Green

MSRP: \$203.20

POEB-LE

PATROL BANDOLEER

Our Patrol Bandoleer gives the responding officer an added advantage to handle rapidly changing events such as active shooter response. The Patrol Bandoleer allows the end user instant access to things such as spare ammunition, a flashlight, and a multi-tool. It is rapidly deployable from the vehicle and quickly secured to the end user via a shoulder strap, which features a quick release buckle.

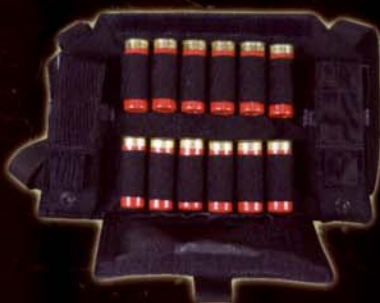

- Carries four M4/ M16 magazines and two pistol magazines
- Can be worn on either side of the body
- Belt loop for a more secured carrying position

Colors: Black, Khaki, Olive Drab, and Ranger Green

MSRP: \$41.25

PB-M4/4-M9/2-LE

SHOTGUN PATROL BANDOLEER

Eagle's Shotgun Patrol Bandoleer allows the first responder to active shooter situations quick access to two pistol magazines and twelve shotgun rounds. The rounds are secured by individual elastic loops. The perfect solution for a responding officer to quickly grab spare ammunition while deploying the long gun.

- Can be worn on either side of the body
- Fully adjustable strap, one size fits all
- Accommodates 2-3/4" or 3" shells
- Belt loop for a more secured carrying position

Colors: Black, Khaki, Olive Drab, and Range Green

MSRP: \$41.25
