

LEUPOLD® MARK AR™

1.5-4x20mm RIFLESCOPE

The Leupold® Mark AR™ series of riflescopes is ideal for those who hunt with AR15/M-16 style rifles, delivering high performance at a price that's right on target. The wide field-of-view at 1.5x combined with the intermediate range precision of 4x make this a perfect selection for close and mid-range shooting. From heavy brush to rolling hills, the Mark AR 1.5-4x20mm has it covered.

field, and optimal contrast. Completely waterproof and fog proof, the Mark AR also features a classic lockable eyepiece and tactile power indicator. And to assure superior performance under the rigors of the field, we rigorously test the Mark AR at our Beaverton, Oregon, factory under the most demanding conditions. No tactical hunter should go without bright, accurate, and dependable optics. Go with the Leupold Mark AR.

The Multicoat 4® Lens System delivers peak light transmission for superior brightness, edge-to-edge sharpness across the visual

LEUPOLD® MARK AR™ 1.5-4x20mm RIFLESCOPE

Reticle	Item Number & Finish		
Duplex	67170 (Matte)		
Lens Coating	Multicoat 4 Lens System®	Weight (ounces)	9.5
Adjustment Markings	1/2 MOA	Weight (grams)	269.3
Maintube Diameter	1"	Length (in)	9.2
