

2024 MODEL OVERVIEW

INTERNATIONAL METRIC

## 2024 MODEL OVERVIEW

Savage Arms is committed to constantly looking ahead, finding new ways to push performance ever higher. We've set the industry standard for out-of-the-box accuracy with high performance firearms for any level of hunter or shooter. Rifles, shotguns, or handguns, Savage has something for you! In 2024 we're holding ourselves accountable to accomplish even more groundbreaking new product news again with our lineup of new firearms. **Here's a look at what we have in store.**

# NEW MODEL 110s

## NEW//// 110 ULTRALITE ELITE

Savage is taking innovation and accuracy to new heights at faster speeds with the 110 Ultralite Elite. With its exclusive Proof Research carbon fiber wrapped stainless steel barrel and MDT HNT26 folding carbon fiber stock, the 110 Ultralite Elite can achieve lighter weights for higher altitude hunts and longer treks for big game. Savage® teamed up with PROOF Research® to craft a barrel specific for a purpose driven firearm. At ≈5 pounds (2,3 kg), the 110 Ultralite is designed to combat elevation and elements while maintaining the performance of a factory blueprinted Savage 110 action.

- Exclusive PROOF Research Carbon Fiber Wrapped Stainless Steel Cut Rifled Barrel with threaded muzzle - 5/8x24
- Exclusive MDT HNT26 Chassis with a carbon fiber forend with integrated ARCA rail, carbon fiber pistol grip and buttstock
- Gun Metal Grey Creakote finish on the Magnesium center section
- LOP and comb height adjustment
- Includes four ¼" (6,4 mm) LOP spacers
- Foam filled carbon buttstock helps to dampen vibration and felt recoil
- Folding buttstock for ease of transport in the backcountry, reduces overall length by 9 inches (23 cm) when folded
- Omniport muzzle brake installed
- 1.5-4 lb. (680-1.814 g) user-adjustable AccuTrigger
- 3-Position tang safety
- Factory blueprinted action
- Lightweight Stainless Steel Receiver with Blackout Cerakote Finish
- Diamond Fluted Bolt, coated with Blackout Cerakote Finish
- Threaded bolt handle(5/16x24) with Carbon Fiber Bolt Knob
- Drilled & Tapped Receiver (8- 40)
- Includes a one-piece, 20 MOA picatinny scope rail
- Low profile, AICS detachable box magazine

SPECIFICATIONS SUBJECT TO CHANGE WITHOUT NOTICE.

## NEW//// 110 KLYM

Savage is taking innovation and accuracy to new heights at faster speeds with the 110 KLYM. With its exclusive Proof Research carbon fiber wrapped stainless steel barrel and FBT carbon fiber stock, the 110 KLYM can achieve lighter weights for higher altitude hunts and longer treks for big game.

Savage® teamed up with PROOF Research® to craft a barrel specific for a purpose driven firearm. At less than 6 pounds (2,7 kg), the 110 KLYM is designed to combat elevation and elements while maintaining the performance of a factory blueprinted Savage 110 action.

- Exclusive PROOF Research Carbon Fiber Wrapped Stainless Steel Cut Rifled Barrel with threaded muzzle - 5/8x24
- Custom Carbon Fiber stock from FBT - Fine Ballistic Tools
- Carbon Fiber forend and buttstock with additive manufactured center section
- 2 sling studs and Magnaswitch system installed
- One button, adjustable comb height
- Omniport muzzle brake installed
- 1.5-4 lb. (680-1.814 g) user-adjustable AccuTrigger
- 3-Position tang safety
- Factory blueprinted action
- Lightweight Stainless Steel Receiver with Blackout Cerakote Finish
- Detachable box magazine
- Diamond Fluted Bolt, coated with Blackout Cerakote Finish
- Threaded bolt handle(5/16x24) with Carbon Fiber Bolt Knob
- Drilled & Tapped Receiver (8- 40)
- Includes a one-piece, 20 MOA picatinny scope rail

// 110 MAGPUL SCOUT

// 110 MAGPUL SCOUT FDE

**NEW//// 110 MAGPUL SCOUT**

Introducing the Savage Arms 110 Scout with Magpul Hunter Stock - The Ultimate Multipurpose Firearm! Experience the pinnacle of versatility and accuracy with the Savage Arms 110 Magpul Scout. Whether you're an experienced marksman or a novice looking to elevate your shooting game, this rifle is designed to meet and exceed your expectations. The Savage Arms 110 Magpul Scout is the perfect choice for hunting, target shooting, and tactical applications. With its updated iron sight system and full length extended picatinny rail, setting this rifle up for any application will be an ease. Whether you're a seasoned shooter or a beginner, this rifle offers the precision, flexibility, and durability you need to excel in any shooting scenario. Elevate your shooting game with the Savage Arms 110 Magpul Scout.

- 16 1/2-inch (42 cm) matte-black button-rifled barrel with muzzle brake and adjustable iron sights
- Integrated and removable rear peep sight
- Fully adjustable front sight post for elevation, utilizes standard AR-15 style front sight posts
- Magpul® Hunter Stock with aluminum bedding block, fully adjustable length of pull (13-15") / (33-38 cm)
- M-LOK slots on forend sides and bottom for various mounting options
- Full Length Extended Scout-Style Rail: Designed for versatility, the scout-style rail allows for forward-mounted optics, offering a quick and intuitive target acquisition, whether you prefer red dot sights, scopes, or holographic sights
- 10-round AICS-style detachable box magazine (4 rounds for 450 Bushmaster)
- 1.5-4 lb. (680-1.814 g) user-adjustable AccuTrigger
- 3-Position tang safety
- Factory blueprinted action
- Available in Black, FDE, Right or Left hand configurations

**NEW//// 110 TRAIL HUNTER**

An all-around hunting rifle needs to stand up to the elements, no matter the conditions. Savage teamed up with Hogue to introduce the 110 Trail Hunter. Hogue Overmolded rifle stocks have long been known to provide outstanding performance and grip. The full coverage rubber overmold on the stock provides the user with a superior hold on the rifle in all conditions. The Cerakote ceramic coating on the barreled action helps to seal out the worst that mother nature can dish out. The 110 Trail Hunter will be the rifle that helps you fill your tags.

- Tungsten Cerakoted barreled action
- Hogue Overmolded rifle stock in OD Green
- Button rifled barrel
- Threaded, medium heavy barrel
- 2 sling swivel studs
- 2-piece Weaver style bases
- 2.5-6 lb. (1.130-2.720 g) user-adjustable AccuTrigger
- Detachable box magazine
- 3 position tang safety

# SAVAGE INNOVATION

## 1. ACCUFIT™

We all know proper fit of a rifle is key to repeatable accuracy. The Savage AccuFit system allows for easy adjustment to length of pull and comb riser height. Five different comb risers allow you to set the perfect height for your size, optic height and shooting preference. Four stock inserts ensure the proper length of pull so the firearm truly fits you.

NOTE: AccuTrigger™ is shown red for emphasis. Actual color is silver. For more information, see video at: [savagearms.com](http://savagearms.com)

## 2. ACCUTRIGGER™

Savage's AccuTrigger™ is the standard by which all factory triggers are judged. The system is easily adjustable, offers a light, clean pull with no creep, and prevents the firearm from discharging if jarred or dropped. Shooters can set the trigger pull to their preferences without having to pay a gunsmith. The AccuTrigger cannot accidentally discharge during normal use. While the trigger is being pulled, the integrated AccuRelease is intentionally depressed, which unblocks the sear and allows the rifle to fire.

## 3. FLOATING BOLT HEAD

Savage's floating bolt head adjusts itself for a perfect fit. By moving just a few thousandths of an inch, the head aligns with the bolt face, cartridge, and chamber.

## 4. ACCUSTOCK™ BEDDING

When a cartridge fires, harmonic waves travel the length of the barrel. This movement affects how the bullet travels. Repeatable accuracy requires a firmly bedded action. The Savage AccuStock embeds a rigid rail system in the stock throughout the fore-end. Rather than connecting the action to the stock with one or two screws, the AccuStock engages the action along its entire length.

## 5. HEADSPACE CONTROL

At Savage, we set headspace by carefully threading barrels into place with their matched actions and bolts. This hand-fit, zero-tolerance process results in a perfectly-matched set that is then locked in with a barrel locknut.

## 6. PRECISION BUTTON RIFLED BARRELS

Accurate barrels require specialized machinery and experienced operators. Savage proudly employs both. Savage's centerfire barrels—from the Team Savage competitor's F Class rifle to the one going on your kid's first deer rifle—are checked and, if needed, hand-straightened by the same skilled craftsman.

# NEW IMPULSE

## NEW//// IMPULSE KLYM

Savage is taking innovation and accuracy to new heights at faster speeds with the Impulse KLYM. With its exclusive Proof Research carbon fiber wrapped stainless steel barrel and FBT carbon fiber stock, the Impulse can achieve lighter weights for higher altitude hunts and longer treks for big game. Every inch of the Impulse rifle encompasses breakthrough technology for repeat accuracy and enhanced safety. The straight pull action provides quick follow-up shots and the ability to stay on target in a high-adrenaline hunting scenario.

- Exclusive PROOF Research Carbon Fiber Wrapped Stainless Steel Cut Rifled Barrel with threaded muzzle - 5/8x24
- Custom Carbon Fiber stock from FBT - Fine Ballistic Tools
- Carbon Fiber forend and buttstock with additive manufactured center section
- 2 sling studs and Magnaswitch system installed
- One button, adjustable comb height
- Omniport muzzle brake installed
- 1.5-4 lb. (680-1.814 g) user-adjustable AccuTrigger
- 2-Position tang safety
- Detachable box magazine
- Threaded bolt handle(5/16x24) with Carbon Fiber Bolt Knob
- Aluminum receiver with integral 1-piece 20 MOA rail

# NEW RIMFIRE

## NEW//// A22 TAKEDOWN FDE

Meet your new go-anywhere rimfire rifle. This take-down rimfire rifle will quickly become your go-to backpack rifle. Camping, hiking, boating, hitting the range or any outdoor activity, this rifle breaks down to easily transport with you in your pack. Breaking open this A Series Takedown is as simple as a twist. Additional magazine storage in the buttstock or dry storage in the pistol grip are added features that make this rifle a purpose-built tool for your outdoor adventures. Available in 22 LR, no other rimfire rifles brings this level of flexibility.

- Semi-automatic rimfire action
- Takedown configuration
- Synthetic, adjustable stock
- Storage compartment in pistol grip and magazine compartment in cheek riser
- 18" (45,7 cm) carbon steel, matte black barrel
- Low-profile sights
- 0 MOA Picatinny Rail with iron sight channel thru rail
- Tang safety
- 10-round rotary magazine
- User-adjustable AccuTrigger (3-5 lbs) / (1.360-2.268 g)

# NEW SAVAGE 555 SPORTING

**NEW//// 20GA & .410 BORE**

The Stevens over/under line-up is adding value to the sporting clays and trap leagues with the new 555 Sporting model. Its lightweight aluminum alloy receiver is scaled to gauge and incorporates a steel insert that reinforces the breech, minimizing weight and maximizing strength. Added features like a raised ventilated rib with mid-bead, recoil reducing ports, and front fiberoptic sight give shooters a competitive advantage and the adjustable cheek riser accommodates any framed shooter at a price that's unmatched among comparable models.

- 3" (7,62 cm) Chamber O/U Shotgun
- Turkish Walnut Stock & Fore-end with adjustable comb height and 14.5" (36,8 cm) length-of-pull
- Raised ventilated rib with mid- bead rear sight and fiberoptic front sight
- Lightweight aluminum alloy silver receiver
- 30" (76,2 cm) (20ga.) & 28" (71 cm) (.410) Ported Barrels for recoil reduction
- Manual safety
- Single selective mechanical trigger
- Chrome lined barrels
- Tang mounted safety
- Manual extractor
- Includes 5 extended chokes (F, IM, M, IC, C)
- Also available in COMPACT

# NEW CALIBER

## NEW//// 400 LEGEND

A new big bore, straight walled rifle cartridge means new opportunities for deer hunters across the country. Winchester® recently launched the newly designed 400 Legend cartridge that gives hunters a hard hitting, yet mild recoiling cartridge. It will bridge the gap between 350 Legend and 450 Bushmaster in down range performance. The 400 Legend ballistics make it a great choice for hunters taking shots within 300 yards (274 m). Many states are moving to allow hunters to use straight walled cartridges instead of shotgun slugs for deer hunting. The 400 Legend delivers more energy with less felt recoil compared to a standard 12-gauge slug. Pair this cartridge performance with Savage Arms' reputation for accuracy and you've got a recipe for a successful hunt.

### 400 LEGEND MODELS

PART #	MODEL	ROUND CPTY	BARREL LENGTH IN / CM	TWIST RATE	OVERALL LENGTH IN / CM
58121	AXIS	4	20 50,8	1:16	40,5 102,9

58134	110 PISTOL CHASSIS SYSTEM	4	10,5 26,7	1:16	21,5 54,6

- Designed with hunters in mind for areas where straight walled rifle cartridges are legal for hunting
- Energy equivalent to 450 Bushmaster with 20% less felt recoil
- 100% more energy at 100 yards (91 m) than a 12 Gauge slug with 55% less felt recoil
- Rebated rim designed for reliable feeding from a magazine
- Available in many popular Savage Arms rifle platforms
