FEDERAL FIT™

Modern firearms, suppressors and gear are too dynamic for a one-size-fits-all approach. This was the inspiration for a whole new category of adjustable accessories—Federal® Fit™. Including a rifle case, rifle cover, and muzzle-scope cover, the lineup gives today's hunters and shooters the protection they need to keep their modern firearms safe in storage, transit or the field.

FEDERAL  FIT
PURSUIT™

PURSUIT RIFLE CASE

Adjust the length of this innovative case by rolling to fit rifles with and without suppressors. It offers a heat-resistant lining in the muzzle area, while a variety of pockets and adjustable straps and handles make it easy to customize to your rifle and needs.

FEDERAL  FIT
COIL™

COIL RIFLE COVER

With a roll-up design that lets shooters adjust case length to the firearm, this suppressor-ready rifle cover is ready for anything. It has a heat-resistant lining in the muzzle area and a quick-grab handle.

SUPPRESSOR CASE

Keep suppressors up to 10 inches long safe and secure when not in use with this rugged case. Its heat-resistant lining and side-pinch pockets make it easy to remove a hot suppressor after shooting at the range. The case opens and closes fast with a full-length zipper and T-handle.
