LOW DECIBEL
MAXIMUM CLAYS.
MINIMUM NOISE.

Remington Low Decibel is the best .410 Bore answer for shooting subsonic shotshells. With a muzzle velocity of only 550 fps, your recoil is reduced without sacrificing dense, clay-busting patterns downrange.

Turn down the noise and turn up the clay-breaking fun with Remington Low Decibel.

- ▲ **EXPERTLY ENGINEERED PROPELLANT**
Low velocity for pleasant shooting, less recoil, and noise
- ▲ **ACCURATE WAD**
Reliable patterns downrange for performance on target
- ▲ **QUALITY COMPONENTS**
Uniform, precisely charged lead shot with optimal hardness
- ▲ **EASY & RELIABLE**
Semi-auto & break action ready
